

A letter to a friend

Hi, my name is Dora Miše. I am 11 years old and I go to Petar Berislavić primary school. I live in a small town near Split. It's called Trogir.

Trogir is a beautiful town in the south of Croatia. It's full of friendly people and it's near the sea so we can go to the beach very often. I live in a big house with 2 floors. My grandparents live on the groundfloor and the attick is on the second floor which means that my family and I live on the first floor.

I go to Josip Hatze music school (for last 3 years) and I play the piano. I really like it. I also sing in a choir and go to a dance class, so I don't have much free time. However, when I'm on holidays my favourite things are playing with my dog and reading books with my headphones.

This weekend I am going to study for the finals and rest.
